

Silicone render GOLD dotted 1.5mm 25kg

Brand	GOLD
Manufacturer	
Country of manufacture	Poland
Weight	25.00 kg
Product Code	TO-TSG
EAN	5902973383720
SKU	000735
IBB ID	10132

Product specification

Manufacturer	TERMO ORGANIKA	Unit	bucket
Brand	gold	Colour	white
EAN	5902973383720	Country of manufacture	Poland

Silicone render operating in the Termo Organika insulation system. It is also used in making thin-layer plasters on mineral substrates, e.g. concrete, similar cement, cement-lime plasters, etc., as well as on other substrates, e.g. painted with paints, plasterboards, wood-like boards.

Characteristics

- very good conditions of the week (Easy Apply)
- ready to use
- over 260 different colors according to the template
- colors also according to individual needs
- structure: lamb or bark beetle
- self-cleaning
- hydrophobic
- in atmospheric conditions
- long-term relief at the biological rate (BioProtect)
- Tuning for UV radiation (very high color quality for fading)
- recipe adapted to the other components of the Termo Organika (TMT Formula) insulation system
- for outdoor use

Technical data

- application and substrate temperature from +5°C to +25°C
- drying time approx. 24 hours
- visual hardening approx. 48 hours
- approximate interior: grain size 1.5 mm (2.0 - 2.5 kg/m²); grain size 2.0 mm (2.8 - 3.3 kg/m²); grain size 2.5 mm (3.5 - 4.0 kg/m²); grain size 3.0 mm (4.2 - 4.7 kg/m²)
- creation 24 months from the date of production in the original, sealed device, in such and situations; do not stack the pallet on

top of each other; chronic frost condition
packaging 25 kg
