SKU	111111
Advice IBB	
IBB ID	10163

## Product specification

Manufacturer	AGRO-WIKT	Unit	pcs
Colour	blue	Dimension	Hight 1500 x width 1150 x length 2200mm
Country of manufacture	Poland		

### Concrete mixer BWA-150 / 230V

The BWA-150 3-mixer free fall concrete mixer has a working capacity of 150 liters (total 260), and is driven by a Polish Besel engine with a power of 1500 W.

Such a capacity requires a solid structure, so the whole is supported by a massive, steel frame with a cast-iron transmission (rack and rim).

A decent BWA-150 concrete mixer for 230 Volts weighs 185 kg.

It is a trustworthy partner and a tool for professionals who require reliable action from the concrete mixer for many years.

Type BWA-150 IU

- height (H), 1500 mm

- width (S), 1150 mm

- min length (D1) 1650 mm

- max length (D2) 2200 mm
