### Product specification

Manufacturer	Tuff Waterproofing Ltd	Unit	pack
EAN	5060229492708	Coverage	For every square meter of 450 g/m2 fiberglass reinforcement mat 1.2 l of primer resin are required
Fire resist	Fire Certificate to BS 476		

TuffStuff® Base Coat Resin is available in 15kg tins.

Each tin holds approximately 13.5 litres of base coat, which covers 10 square metres of roof space.

For each square metre of 450gsm glass fibre reinforcing mat 1.2 litres of base coat resin is required.

If using thicker 600gsm glass fibre reinforcement mat 1.6 litres of base coat resin is required.

It is essential that cans are stirred thoroughly prior to use.

Catalyst must be used with base coat resin otherwise it will not cure.

Note: The WHITE lid indicates that the can is full of Base Coat Resin.

GRP system is suitable for sloping roofs, green roofs, parapet walls, skylights, vent pipes, sunpipes, balustrade, balconies, pools, ponds, water tanks and more

Hard wearing laminate tolerates foot traffic and resists attack from ultra violet light

Maintenance free - no seams, no joints, no leaks!

Tried and tested for extreme durability with a 20 Year Product Warranty

High security - too tough to cut with a knife

UK Building Regulations compliant and full Fire Certificate to BS 476
