IBB ID	7586

Product specification

Manufacturer	Tuff Waterproofing Ltd	Unit	pcs
EAN	5060229490599		

Tuff Stuff D260 Angle Fillet This trim is for use against an abutting wall or parapet. Place the trim against the wall making sure it sits squarely.

Fix in place to decking NOT the wall using 15mm clout (felt) nails, at 150-200mm centres.

Where the angle fillet trim needs to be joined by overlapping, use a bead of PU trim adhesive across the full width of the trim. The whole join should then be bandaged, sealing both trims together.
