Bathroom towel radiator Constans CN-1100x500-W white

A simple ladder bathroom radiator composed of two "U"-section collectors connected by horizontally arranged pipes. A classic and consistently popular form for years. Wider gaps between tubes make it easier to hang towels. The product is available in a version with a bottom connection (455mm) in black.

Contents of the package:

Radiator, cap, air vent, wall mounting brackets.

Valves and additional accessories visible in some photos are not sold with the radiator and must be purchased separately.
