

# Reinforcing fiber Belmix 12mm 600g

**BORAMAX**

Brand	BORAMAX
Manufacturer	
Weight	0.05 kg
Product Code	BOW-600G
EAN	5901738721609
SKU	000385
IBB ID	8724

## Product specification

Manufacturer	BORAMAX	Unit	pcs
Brand	boramax	EAN	5901738721609

FIBERS - polypropylene microreinforcement starting from the beginning to the beginning of the polypropylene cut, covered with a water-soluble binder facilitating wetting and dispersion

### PROPERTIES

- Extremely restrictive in concrete
- Increases water, frost and fire resistance
- Lowers investment and labor costs.
- Increase workability and segregation resistance as well as improve concrete cohesion and variety

### APPLICATION

- Can be used for industrial and floor screeds (also with underfloor heating), shotcrete (e.g. in tunnels), prefabricated elements and concrete accessories, including concrete blocks, cellular concrete, septic tanks and tanks in sewage treatment plants, road slabs, curbs, blocks, pipes, paving stones, paving slabs, etc.,
- In finishing works for mortars and self-levelling compounds, thin-layer screeds, ceramic elements, putties, plasters, stucco, etc.,
- For local repairs to concrete and plaster.
- Fibers can be used as an addition to concrete, mortar and plaster
